ISOPROPYL ALCOHOL (IPA)

We supply high-purity Isopropyl Alcohol (IPA), a versatile solvent and disinfectant widely used across pharmaceuticals, cosmetics, electronics, and industrial applications. Its fast evaporation and strong cleaning properties make it an essential chemical in multiple sectors.

Applications include:

- Solvent in coatings, inks, and adhesives
- Disinfectant in healthcare, cosmetics, and sanitizers
- Cleaning agent for electronics and precision instruments
- Intermediate in chemical synthesis and formulations

Advantages :

- **Effective Solvent:** Rapidly dissolves oils, resins, and contaminants.
- **Fast Evaporation:** Leaves minimal residue, ideal for sensitive applications.
- **Versatility:** Applicable across healthcare, industrial, and consumer products.
- **Purity & Reliability:** Ensures consistent performance in critical processes.
- **Cost-Effective:** Reduces cleaning and processing time.
