# Product Specification Sheet

**NIOMAX 90**

Reliable quality, trusted performance

## NIOMAX 90

NIOMAX 90 is a high-aromatic hydrocarbon solvent designed to deliver strong solvency, excellent stability, and reliable performance across a wide range of industrial applications requiring high aromatic content.

### Technical Specification :

Parameter	Test Method	Unit	Specification
Color	ASTM D 1500	--	To Report
Appearance	Visual	--	Clear and Transparent
Density	ASTM D 4052	gm/ml	0.880 – 0.960 @ 15 °C
Flash Point PMCC	ASTM D 93	°C	45 – 50
Aromatic Content	GC	% V / V	85 – 95
Distillation Range	ASTM D 86	°C	
IBP		°C	Min 140
Dry Point		°C	Min 270

### Advantages :

- High Aromatic Content for Strong Solvency
- Excellent Stability & Consistent Composition
- Efficient Dissolving Power for Industrial Use
- Balanced Volatility for Controlled Evaporation
- Clear & Sediment-Free Product
- Reliable Performance Across Applications
