Product Specification Sheet

NIOMOL - Light Aromatic Solvent

Reliable quality, trusted performance

NIOMOL

NIOMOL is a light solvent with low flash point and moderate aromatic content, designed for fast-acting industrial applications. Its volatility and clarity make it ideal for cleaning, degreasing, and formulations requiring quick evaporation.

Parameter	Test Method	Unit	Specification
Color	ASTM D 1500		0.0
Appearance	VISUAL	--	Clear Liquid free from sediments
Specific Gravity	IS 1448 (P) 16	gm/ml	0.770 – 0.780
Flash Pont PMCC	IS 1448 (P) 21	°C	35 – 40
Aromatic Content	IS 1448 (P) 48	% V/V	20 %
Distillation Range	IS 1448 (P) 18	°C	
	IBP	°C	140 – 150
	FBP	°C	200 – 230

Advantages :

- Very light solvent for quick evaporation
- Effective in cleaning and degreasing operations
- Low flash point allows rapid drying applications
- Clear and sediment-free for consistent performance
- Useful in formulations requiring volatility
